Setting up the server

The following details the steps of setting up mSupply from your organisation's mSupply Server

Note - the mSupply Support Team will complete these steps for you.
The following instructions are for your information only.

The following information will need to be provided:

- Store name
- The item master list to be attached to the store
- If you are converting an existing Facility (Customer) to now user mobile, then you also need the existing customer name that the store is being created for

- 1. Where to start
- 2. Create Sync Site
- 3. Create the Store
- 4. Configuring the Store and Dispensing
- 5. Setting up the Users to access the store
- 6. Reviewing the setup
- 7. Setting up the mSupply Mobile app dashboard
