3. Customer Requisitions

When a customer wishes to order stock from you, they will create a supplier requisition in their own store and it will appear as a customer requisition in your system.

| REQUISITION NUMBER | CUSTOMER | ENTERED DATE | ITEMS |
|--------------------|------------|-----------------|-------|
| 23 | Balibar PS | Fri Aug 18 2017 | 1 |
| 25 | Balibar PS | Mon Aug 21 2017 | 1 |

Open the requisition by clicking on it and check the details. If you wish to change quantities of items you are going to supply you can do so now.
