Dispensing mode only shows if the store is configured correctly on the server. Read how [here](#)

Patients

When you tap the **Dispensary** icon you will get a list of your patients. You can search for a particular patient using the field in the search bar.

TIP: you can search by first and last name by using a comma. For example: g, j will search for all patients whose last name starts with G and first name starting with J.

The screenshot shows the mSupply Dispensary interface. At the top, there is a header bar with a back arrow, the title 'Dispensary', the mSupply logo, and a 'SYNC ENABLED' status with a cloud icon. Below the header, there are two tabs: 'Patients' and 'Prescribers', with 'Prescribers' being the active tab. A search icon is located to the right of the tabs. On the far right, there is a 'New Prescriber' button. The main content area displays a table with the following columns: CODE, FIRST NAME, LAST NAME, and EDIT. The table contains two rows of data. The first row has CODE 'J-1234', FIRST NAME 'Jasmine', and LAST NAME 'McKewen'. The second row has CODE 'JS-987', FIRST NAME 'James', and LAST NAME 'Smith'. Each row has a red pencil icon in the EDIT column.
