

Dispensing

Dispensing mode only shows if the store is configured correctly on the server. Read how [here](#)

Patients

When you tap the **Dispensary** icon you will get a list of your patients. You can search for a particular patient using the field in the search bar.

TIP: you can search by first and last name by using a comma. For example: g, j will search for all patients whose last name starts with G and first name starting with J.

Searching for a Patient (on the server)

- If a patient does not exist in your current store, and you have internet access, you can search for the patient on the server
- Click the **Search Patient** button

- You'll see a new window.
- The fields marked with **IS REQUIRED** are fields which must be filled in.

- The other fields are optional.
- The Save button will only be enabled if you have filled out all the required fields.
- Once you have entered all the details that are required, tap the **SAVE** button.

Editing a patient's details

To edit a patient's details, tap the **edit** button at the end of the row for that patient. Easy!

The screenshot shows the mSupply Dispensary application interface. At the top, there is a navigation bar with a back arrow, the text "Dispensary", the mSupply logo, and connectivity status indicators for "SYNC ENABLED" and a cloud. Below the navigation bar is a search bar with a magnifying glass icon and the text "j.g". The main area is a table with the following columns: CODE, FIRST NAME, LAST NAME, D.O.B., HISTORY, EDIT, and DISPENSE. A single row of data is visible, representing a patient named "j.g" with code "sam4". The "HISTORY" column contains a red circular icon with a white "D". The "EDIT" and "DISPENSE" columns contain red icons of a pen and a right-pointing arrow respectively. The table has sorting arrows for each column header.

CODE	FIRST NAME	LAST NAME	D.O.B.	HISTORY	EDIT	DISPENSE
sam4	Joshua	Griffin	Jun 25, 1989			

Viewing a patient's History

You can also view the history for a patient by tapping the **history** button.

Patient History - Joshua Griffin				X
ITEM CODE	ITEM NAME	QUANTITY	PRESCRIBER	
AR33197	ABACAVIR / LAMIVUDINE 60/30 MG CP	1	James Smith	

Prescribers

You can show, add and edit prescribers in just the same way as you do for patients.

Simply tap the “Prescribers” toggle button at the top of the window:

To edit a prescriber, tap the edit (pen icon) button for the row you wish to edit. You're then shown the prescriber's details:

Prescriber Details

Cancel **Save**

As for patients, only when you've entered all the required fields you'll be able to save the record.

The screenshot shows the mSupply Dispensary application interface. At the top, there is a navigation bar with a back arrow, the text 'Dispensary', the mSupply logo, and a 'SYNC ENABLED' status indicator. Below the navigation bar is a header with three buttons: 'Patients' (disabled, greyed out), 'Prescribers' (highlighted in red), and 'New Prescriber' (disabled, greyed out). To the right of the header is a search icon. The main content area is a table listing prescribers. The table has columns for 'CODE', 'FIRST NAME', 'LAST NAME', and 'EDIT'. There are two rows of data:

CODE	FIRST NAME	LAST NAME	EDIT
J-1234	Jasmine	McKewen	
JS-987	James	Smith	

Dispensing to a patient

- Firstly, find the patient to dispense to (as above for viewing/editing a patient)
- Then click the **Dispense** button on that row.

CODE	FIRST NAME	LAST NAME	D.O.B.	HISTORY	EDIT	DISPENSE
zam4	Joshua	Griffin	Jun 25, 1999			

Dispensing is a three step process. Each step must be completed before you can move to the next step

1. Step 1 you must select a prescriber by clicking on the SELECT icon
 - NOTE: You can press the HISTORY and EDIT icons next to the patients name to edit the patients details or view their history at any time.
 - You can filter the list using the search bar
 - Once you have selected a prescriber, you can edit the prescriber at any time using the EDIT icon next to the prescribers name
2. Step 2: You must select an item to dispense by selecting the row on the left hand side. You can filter the items using the search bar

The image shows a mobile application interface for mSupply. At the top, there is a navigation bar with a back arrow, the text 'Prescription 922', a sync status indicator ('SYNC ENABLED'), and a cloud connectivity icon. Below the navigation bar, there are three circular steps: 1 'Select the prescriber' (Patient: Joshua Griffin), 2 'Select items' (with edit icons), and 3 'Finalise' (Prescriber: Jasmine McKewen). A search icon is also present. The main content area displays a table of prescription items:

CODE	NAME	QUANTITY
AR33197	ABACAVIR / LAMIVUDINE 60/30 MG CP	59
AM18032-0	ACIDE FOLIQUE 5 MG CP	1
AM12040	ACIDE NIFLUMIQUE 400 MG SUPPO	3

AY02027	AMODIAQUINE/ARTESUNATE 25/67.5 MG ENFANT (0-11 MOIS) PLQ/3 CP	27

A modal dialog box is open on the right, containing the text 'Click on an item to add it'. At the bottom of the dialog are 'Cancel' and 'Next' buttons.

You must select at least one row to continue.

Once you select an item, you can adjust the quantity using the + and - buttons, or type quantity into the text area (tap first to bring up the keyboard).

- Step 3: You can view the final results of the prescription and add any other details such as a comment.

Tapping the **Complete** button will finalise the prescription. That means that it's locked- you can't edit it any more.

That was easy!. If you've enabled payments, you can go to the next step to receive payment. If not, you'll continue and dispense the next prescription.

Payments

The payments module needs to be configured on the server, so if it's turned off, you won't see it. Configuration instructions are [here](#) The 2 configuration settings that must be set to "true" are:

- usesDispensarymodule
- usesPaymentsmodule

Once enabled, when you arrive at the summary page where you check the details of a prescription, you will be shown a payment summary and each item will show its price:

Prescription 924

Credit used 0.00

Subtotal 30.00

Change required 0.00

Total 30.00

Cancel Complete

The dropdown list under the “Payment” allows you to select the type of the payment. (Types are configured on the server).

Payment

Espèce

Chèque

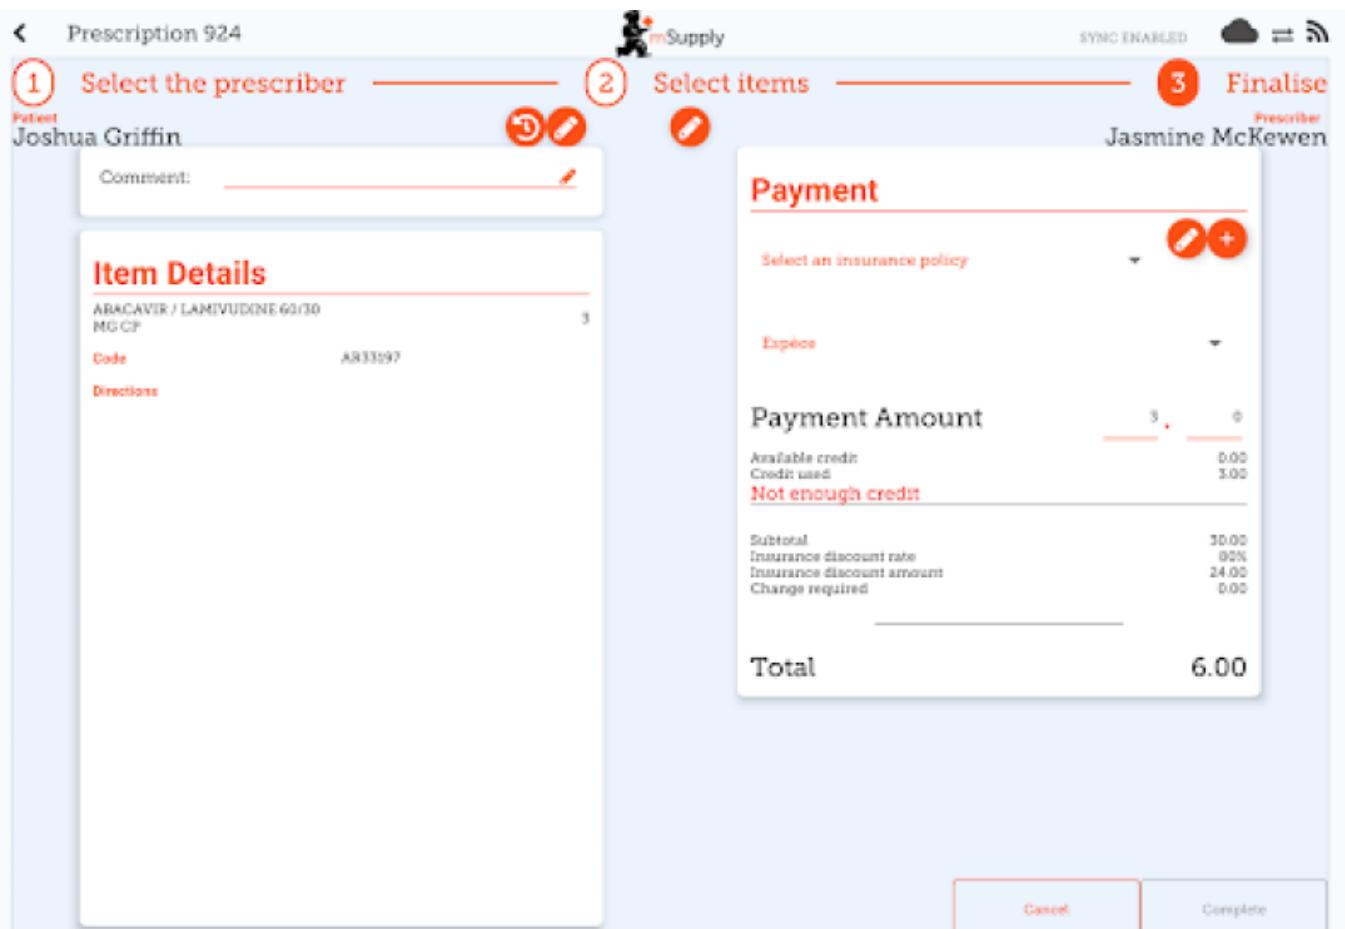

Carte visa

Paiement mobile

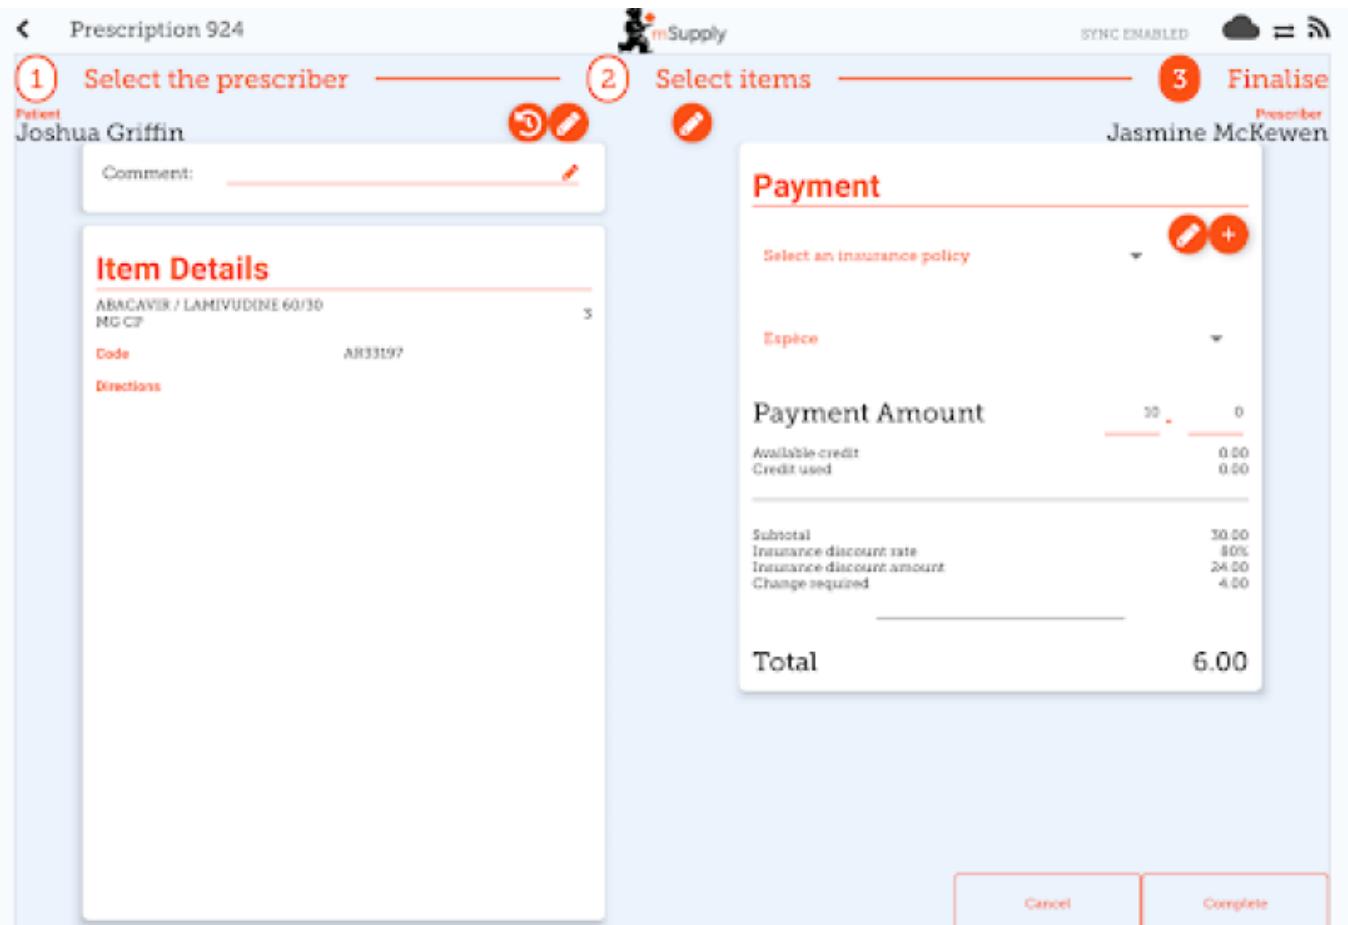

Total 30.00

- The **Payment Amount** is the amount the patient is paying
- If they have any available credit, this will be listed under the **Payment Amount**
- There can only be a **Payment Amount** less than the **Total**, if the patient has sufficient available credit to cover the difference.
- The amount of credit is shown under **Credit Used**
- The change required is the amount of change to give to the patient
- It is only possible to finalise a prescription when payments are enabled, when the payment amount is a valid value

Here's an example if the patient doesn't have enough credit:

And here's an example of where the payment gave you more in cash than the amount to pay, and you need to give them back change:

Insurance

If the server has insurance providers enabled, the mobile store will also.

This will enable the insurance drop-down list and the **add** button (The orange “plus” button to the right):

Prescription 924
